Welcome to Jackson Park & Recreation

Dear Jackson Community,

Page #4 details some exciting projects the JPR has been working on for over 2 years. The Village has acquired the 2 properties adjacent to the DNR Lake Hasmer Access. A Park Plan for future development of Hasmer Lake Park has been approved which will preserve a portion of the lake and create a welcoming gateway to Jackson. Staff is working with MSA to create an amazing Dog Park in Jackson. And most exciting, is the expansion of the Jackson Community Center, providing the space for additional programming and rentals!

With all this excitement, don't miss some of the fantastic events like the Beer Gardens, Action In Jackson, National Night Out and the Glo Run! It's a great way to get out, have fun and meet new people!

We'll see you this summer!

Exciting JPR Projects for Jackson

JACKSON HAS SEVERAL EXCITING PARKS & RECREATION PROJECTS IN THE WORKS

All of these projects have been identified in the Parks, Recreation & Open Space Plan, which included community input, project/amenity ranking and JPR Staff & Commission recommendations.

Jackson Community Center Expansion

This project will add approx. 14,000 sq. ft. to the existing building. There will be additions on the west and east sides, additional storage and workspace, a secured front desk area, several maintenance items and most importantly, increased security throughout the building.

Check out the floor plan on the cover for details.

Hasmer Lake Park

Acquiring (2) properties adjacent to the DNR Hasmer Lake Access was a huge accomplishment for the Village. Preservation of our natural resources and areas only happens once before residential or commercial development happens. In 2023, a Park Master Plan was approved to use as a guideline for park development in the future. It has the potential to be an amazing gateway to our community!

Jackson Community Dog Park

We have just begun the feasibility and design phase for the Jackson Dog Park project. Keep an eye on the JPR Facebook Page and emails as we will be holding a public input and information meeting in conjunction with our Friends of Jackson Parks & Recreation group.

LEARN TO BE SCAM SMART!

MEDICARE SCAMS

The most common Medicare scams are perpetrated through phone calls and emails.

The range of schemes could be Medicare scam calls, Medicare genetic testing, bogus medical alert systems, Medicare Advantage scams, fake medical alert devices, Medicare Coverage Helpline scams, and many other types of Medicare abuse.

There are many cases where patients like yourself don't know the whole story, yet official-looking authorities make you a victim without realizing it. In this instructional class you will learn how to stay safe.

TECH SUPPORT SCAMS

You Get a Phone Call, Pop-Up, or Email Telling You There's a Problem with Your Computer.

Often, scammers are behind these calls, pop-up messages, and emails. They want your money, personal information, or access to your files. This can harm your network, put your data at risk, and damage your business.

The scammers may pretend to be from a well-known tech company like Microsoft. They use lots of technical terms to convince you that the problems with your computer are real. They may ask you to open some files or run a scan on your computer, then tell you those files or the scan results show a problem...but there isn't one.

In this instructional class you will gain information to help you stay safe!
